You are limited only by your imagination

when you use Europe’s largest modular sofa design software

Choose from among more than 100 different elements, offering more than 100 000 combinations, to create the tailor-made sofa that is uniquely yours.

Use our 3D design software

Our three-dimensional design software lets you select elements and combine them as you please - and then move and change modules with just a few clicks. Change the cover, or the legs - or try out various armrests and finishing modules. The results of your creativity are instantly displayed in three dimensions, rotating 180/360 degrees to let you see your sofa from all angles. The dimensions of your work are continuously updated and displayed.

5 centimeter precision

Europe’s largest modular sofa program offers the exclusive option to design your sofa with 5 centimeters of precision - a perfect match when designing for tight spaces.

The 3D design programme is intuitive and easy to use, giving your the chance to customize your dream sofa. Find it at www.modulsofa.dk

For your inspiration, the following pages contain a selection of customized sofas created by our customers. Remember that with Maestro modular sofa, the choice of modules and final design is entirely up to you.

What does your
dream sofa look
like?

Regardless which style, shape or size you dream of - leather or fabric, classical wooden legs or elegant steel - we are convinced that we can make your sofa dream come true. The selection, combination and configuration of modules and accessories is entirely up to you. With more than 100 modules to choose from, the only limitation is your imagination.

Optimum seating comfort

We expect you to have high demands for your new sofa. We strive to combine a high level of workmanship and quality with your demands for design and comfort. Comfort is king, and that's why Modular sofa offers you the choice between several different levels of firmness. You can even choose between two seat depths, ensuring that you get precisely the comfort that is right for you.

Cushions firmness:
Soft
Medium
Firm
Medium with down pillow top

Seat depths:
Standard 55 cm
Short 52 cm

Chairs

Europe’s largest modular sofa line is complemented by the supremely comfortable easy chairs in our Living Plus and Tradition lines.

Living Plus

All chairs in the Living line provide functions that ensure the highest level of comfort. On top of 360 degree swivel base, smooth recline and rest function and adjustable head rest on all models, extra features such as integrated lumbar air cushion are available.

Wave PLUS

Shell PLUS

Florida Lux 2 PLUS

Monterey Lux 2 PLUS

Mallorca

Skagen

Tradition

Tradition is a classically elegant line, the perfect match for the home where style and quality reign.

The chairs are available in several beautiful wood colours, and in a wide selection of leather and fabrics.

Ultimate comfort and luxury

Two of our Living chairs are available in a Lux2 version with smooth recline function and a completely hidden footrest which swings out when you recline.

The electrical option makes it as easy as pushing a button - and is even available as battery powered to avoid electrical cords.

Bases

All Living PLUS chairs are available with your choice of three bases. Choose between classic beautiful wood in a selection of colours or a modern steel base.
